

EU Type Examination Certificate

Date: 2023/10/17

n. **947234201/TE**

Validity: 2028/10/05

The present Certificate cancels & replaces the previous one 947234001/TE dated 2023/10/06 and is a translation in English of the original Certificate issued in Italian.

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	JALLATTE SAS Rue du fort, 5 – 30170 ST HIPPOLYTE DU FORT – France	
Type of PPE:	Safety footwear in conformity with EN ISO 20345:2022 class I (= footwear made from leather and other materials)	
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	"JALQUARTZ ESD o JIJ1512" code JIJ1512	
Description:	 <p><u>model</u>: A (low footwear); <u>fastening system</u>: by means of an elastic on the instep girth; <u>processing</u>: direct injection; <u>outsole</u>: "forma 7466 JAL INDUSTRY" with Eco fluo green color compact PU tread marked "antistatic oil resistant" (CH 00221); <u>midsole</u>: white foam PU (CH 00219); <u>upper</u>: white microfiber with white polymeric coating (SI00775); <u>tongue</u>: white microfiber with white polymeric coating (SI00775); <u>vamp lining</u>: grey three-dimensional fishnet knitting coupled with black canvas (SI00743); <u>rear lining</u>: fluo green three-dimensional fishnet knitting (SI00760); <u>heel-grip lining</u>: white microfiber (SI00060); <u>insole</u>: black non-woven material declared conductive (SP00002); <u>removable insock</u>: grey perforated foam material with white insert in the heel area, coupled with black knitting with "MAXI SOFT DUO" stamp in contact with the user (TL00172); <u>toecap</u>: polymeric material, art. PS240 HAWAI (PU00042).</p>	
Technical Standard:	EN ISO 20344:2021 EN ISO 20345:2022	Personal protective equipment – Test methods for footwear Personal protective equipment – Safety footwear
Intended use:	general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.	
Size range:	from 35 to 48	
Technical File:	DC-17147	
Test report:	RCT n°4252424.01/E	

EU Type Examination Certificate

Date: 2023/10/17

n. **947234201/TE**

Validity: 2028/10/05

Functions and
performance levels:

basic requirements for safety footwear (SB) (see Table 2 and 3 of EN ISO 20345:2022): all mandatory ones, among which:

Slip resistance = slip resistance on ceramic tile floor with NaLS.

Additional requirements (Tab. 16 and 20 of EN ISO 20345:2022):

S2 = closed heel area, energy absorption of seat region, antistatic properties, water penetration and absorption; **FO** = resistance to fuel oil; **SR** = slip resistance on ceramic tile floor with glycerine.

Note: the footwear also meets the requirement in accordance with IEC 61340-5-1:2016 (IEC 61340-4-3:2017) for the electrical resistance **ESD** (electric dissipative footwear).

Marking:

on a stitched label and displaying the following information:

- **CE Marking;**
- registered trademark, name and complete address of the Manufacturer;
- designation of the footwear (= article name and alphanumeric code);
- nr. and year of the Standard of reference + safety symbols;
- size of the footwear (printed on the outsole);
- production date (month + year);
- additional information: website, category of the PPE, "Made in ...".

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
