

JALTERRE

S7S CI HI HRO LG FO SR

Model certified according to the new EN ISO 20345:2022 standard

Product code : 00JJV31

Sizes : 38-47

Construction

Mining
operations

Transport

Infrastructures

Ideal for those who work outdoors in extreme weather conditions (rain, snow, etc.)

Keeps feet dry by resisting water penetration for over 80 hours thanks to GORE-TEX® technology

Ensures excellent breathability for the foot

Excellent grip and durability thanks to its Vibram® sole

THE MOST

THE TECHIEST

The Gore-Tex® membrane is an extremely thin layer of expanded polytetrafluoroethylene (ePTFE). It contains more than 1.4 billion pores per cm². It is these pores that give Gore-Tex® fabrics their properties. It is only 0.01 mm thick. It is therefore attached to a high-performance lining or outer fabric to create a Gore-Tex® laminate.

GORE-TEX® LINING
Waterproof and ultra-breathable

FULL-GRAIN LEATHER

Water repellent

VIBRAM® SOLE

High abrasion resistance
Excellent grip in all conditions

JAL'GRIP SYSTEM LG STANDARD (LADDER GRIP)

Double-hook heel
Prevents the risk of falls on level ground and from heights

SOFT INSOLE

Improves weight distribution
